			<i>Upholstered with Exposed Back Brackets</i>		<i>Closed Arm</i>	<i>Urethane</i>
			[UMB]			
			<i>Upholstered Torsion Spring Motion Back</i>			

Exposed Back Bracket Design*

The Exposed Back Bracket design is **standard when the Aloe backrest is specified in IC+**.

The Aloe exposed bracket design allows the backrest to be completely sealed when upholstered in IC+. Ideal for areas where infection control and cleanability is essential, liquids, pathogens and bed bugs are prevented from entering the backrest structure.

The Exposed Bracket Backrest design can be specified for other upholstery options, however the required sewn seams of alternative upholstery products can expose the external backrest structure to liquids, pathogens and bed bugs.

IC+ upholstery can also be specified in the standard backrest design and must be highlighted at time of order to ensure accuracy.

Torsion Spring Tension Motion Back**

The Torsion Spring Tension Motion Patient Back improves patient comfort for longer-term sitting requirements. The torsion bar allows for 13.5 degrees of travel to accommodate different body sizes. The motion of the backrest also supports patients in getting out of the chair. The Torsion Spring Tension Motion Back is available for both 21" and 24" Aloe Patient chair models.

Torsion Spring Tension Mechanism

Options

Description	Option Code	Notes
Removable seat clip system	ALOCLIP	See Aloe Product Features for details.
IC+ Under-Seat Seal		A highly durable and impermeable upholstery coating, IC+ forms a seamless moisture-proof barrier that completely seals underneath the seat pan. IC+ stands up to all hospital cleaners including, but not limited to, Virox 5, Rescue, CaviCide, Wex-Cide and bleach.
21" Aloe Patient Unit	21USS	
24" Aloe Patient Unit	24USS	This option is available for chairs that are upholstered in IC+ or in healthHcentric approved fabrics other than IC+. Please check with your Customer Service representative for a complete list of approved upholstery products. ONLY a completely upholstered IC+ chair can offer a truly sealed and cleanable solution for infection control. (See IC+ Section for details.)
30" Aloe Patient Unit	30USS	
Combination Upholstery (more than one fabric used on the same unit)		When using combination upholstery of different grades, calculate the average price of all grade fabrics and add the upcharge for a total cost or contact Customer Service for a quote (please provide the specified fabric information and where each fabric will be used on the chair to obtain a quote).
Combination Upholstery - two fabrics	CU2	
Combination Upholstery - three fabrics	CU3	
Seat and Back Covers		
21" & 24" Removable Seat Cover (each)	21/24 RSC	Grade 1 pricing only. Please contact healthHcentric Customer Service for additional grade pricing.
30" Removable Seat Cover (each)	30 RSC	
21" & 24" Removable Back Cover (each)	21/24 GRBC	Removable back covers are not available for chairs with the Exposed Back Bracket design.
30" Removable Back Cover (each)	30 GRBC	
Casters: 2 rear	ARUC	Optional rear casters are available for Aloe Patient Chairs. Casters are only available at time of order as they are welded to the chair frame. Please see Aloe Product Features for details.
		
Frame Color	See Fabrics and Finishes Section for details	Standard frame color is Silver. Additional colors are available for an upcharge per chair.
Cal 133/Moisture Barrier	CAL133MB	Per yard upcharge.
